

MANCHESTER CITY FOOTBALL CLUB

CITY OF MANCHESTER STADIUM

**LEGENDS, CITIZEN'S AND BOARDROOM SUITE
REFURBISHMENT**

City Build Manchester Limited were appointed to Design and Refurbish the Legends, Citizens' and Boardroom Banqueting Suites at the Etihad Stadium for Manchester City Football Club.

The works undertaken within the close season were firstly to increase the capacity in each suite by reconfiguring the existing executive lounges layouts. Secondly the Suites were refurbished and furnished to provide a contemporary feel of the highest Standards.

Finally in line with the Club's Corporate Social Responsibility Policy we are proud to confirm that all resources employed and utilised on the project were sourced locally.

Market Sectors:

- Office
- Commercial
- Industrial
- Residential
- Educational
- Healthcare
- Leisure
- Retail
- Public Sector

The Largest single transformation was to the Legends Lounge (pictured) where a new "show" kitchen was introduced in the main banqueting area. This high specification kitchen allows for hot and cold food preparation in full view of the customer without affecting the comfort levels within the suite.

This was achieved by completely re-designing the mechanical and electrical services within the suite. In particular the ventilation services were increased to accommodate the effects of the cooking operations within the large open plan area. Thus preventing any adverse increase in the temperature or air quality within the dining area which could have affected the dining experience.

The Project was successfully completed on time and within budget.
